AN EMPTY CAN FOR THE GOAT.
What! A new fire engine in the town?
Say! I'd almost give my shirt
To help the boys pull her around
And watch that bullock squirt.

I'd whoop and yell,
And help raise—well!
I'd be right on the job
When the boys turned out,
With a roar and shout,
To run with "Uncle Bob."

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by P. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: P. J. Reports Bumper Turkey Crop

Bourbon News.

The turkey crop of this section will be fully up to the average this year, judging from the reports that have been returned from the various counties. In some localities there has been a decided falling off in the production of turkeys, but in other sections an increase will bring the crop up to the average.

Nicholas and Bourbon counties are probably the largest turkey producing counties in Central Kentucky. Annually thousands are slaughtered in Paris and Millersburg and Carlisle, and shipped to the markets in the East.

BIRTHDAY PARTY

Celebration at City Mission Results in Handsome Cash Receipts

The Birthday Party at the Mission Home yesterday afternoon exceeded the expectations of every one.

The spotless rooms, gay in their autumnal decorations of brilliantly colored leaves and flowers, made an attractive background for the assembling of those interested in the work.

Judging by the pennies left, we are again living in the days of Methuselah.

Some pretty young ladies conferring to a hundred and one hundred and twenty years.

It is not possible at this time to get the sum total of receipts, but there can be no doubt as to the enlargement of the work so much needed.

The ladies at the head of the Mission work in Mayville are certainly entitled to high praise for their unselfish endeavor.

W. H. Taft. J. S. Sherman.

REPUBLICAN TICKET.

FOR PRESIDENT, I
WILLIAM HOWARD TAFT.
 FOR VICE PRESIDENT,
JAMES S. SHERMAN.
 FOR CONGRESS,
HON. HARRY BAILEY.
 FOR APPELLATE JUDGE,
JUDGE A. J. KIRK.

Woodrow Wilson would shut the mill and open the soup kitchen.

Business men who are silly enough to cripple their customers will vote the Democratic ticket.

Isn't it preferable to earn \$4 a day than to accept a 5-cent loaf while cooling your heels in the breadline?

The strongest argument every working man re-made is his Saturday night pe.

The defeat of Taft and the breaking down of the policies of the government will not help any business man or working man to better times.

On election day this year women will vote for President in six States—California, Colorado, Washington, Wyoming, Utah and Idaho. In these six States the total number of women eligible under the law to vote for President this year is 1,336,000. This fact of itself is evidence that women are taking greater interest in the Government than they ever have taken before.

NO WAYS OF DOING IT.

There are two ways of closing the mills and reducing wages and bringing on the hard times which mean suffering and want. One way is to vote for Wilson didn't. The other is to vote for Roosevelt, and thus so divide the Republican party that Wilson will win the electors. Before taking Roosevelt too seriously the Republican citizen inclined to "go along" with Roosevelt should ask himself this question: "Do I want the return of the free soup kitchen?"

THE FARMER MUST STAND IT ALONE.

The Free-Trader who asks the farmer to vote the Democratic ticket will not admit that the only way prices are proposed to be reduced is by the farmer getting less for his crop, while the transportation man, the grocer or merchant maintains his rate for his share in the work of distribution.

He is talking seriously about further freight rates or cartage or profit in hand. The farmer's goods must take a less price, he gets on an price that is paid by consumes the farmer's that is driv- ion, at a f the

own town you to practice the Democratic idea of Tariff. It kills home manufacturing and your act kills your home town.

There are 2,600 Democratic voters in Harrison county, and the sum total contributed to the National Democratic Campaign Fund is \$60. We fear the Democrats thought we were asking them to pay the preacher.—Cynthiana Democrat.

If you want cheaper living put the Democrats in control of things. They will cheapen the output of the farm and factory and bring the price of labor down with them. That is the history of the past and they have the same ideas of legislation today as they ever had. What else can we expect?

An interior paper says efforts are being made to misrepresent Roosevelt's attitude on the Tariff. What Mr. Roosevelt thinks about the Tariff cuts little ice at the present time. It is what he is doing that counts. He is trying to defeat Taft and elect Free-Trader Wilson, so he must be ranked among the enemies of American labor.—San Francisco Chronicle.

Why were nearly one hundred thousand lives snuffed out in Europe last week? Simply because Mohammedans wish to "reform" Christians and Christians wish to "reform" Mohammedans. And yet we prate of the "brotherhood of man" and "universal freedom" of thought. Such a war will become impossible when the individual is given the right to settle the question of worship in accordance with his own conscience. "Holy" wars are inseparably connected with religious bigotry.—Cincinnati Enquirer.

"If there is one body of men more than another whose support I feel I have a right to challenge more than any other on behalf of Secretary Taft, it is a body of wage-workers of the country. A stancher friend, a fairer and truer representative, they cannot find within the borders of the United States. He will do everything in his power for them except to do that which is wrong; he will do wrong for no man and therefore can be trusted by all men."—Theodore Roosevelt, September 9, 1908.

THIRD IN THE RACE.

The Bull Moose organs affect to think there is a great "silent vote" waiting to elect the Colonel. Not on your life? Whoever is for Roosevelt yells it from the house-top and cries it from the church steeples. They tell it in Gath and proclaim it through the streets of Ascalon. Armageddon rings with it.

As a general proposition the Courier-Journal takes no stock in the "booray." Mindful of what happened to Clay and Douglas and Blaine, the three popular heroes of our historic politics—and it might add Bryan—it conceives that when the most highly favored personality is spread over the continent, it is likely to spread very thin. In the midsummer of 1872, it looked as though Horace Greeley would sweep the country. In October of that year he "swung around the circle." Immense crowds greeted him everywhere. He made a series of wonderful speeches. When the returns came in he had carried but six States by greatly reduced majorities.

We'll bet a dollar the Bull Moose runs third!—Courier-Journal.

THREE WITNESSES

ROOSEVELT ON TAFT

"We are to be congratulated, we Americans, that we have a fellow-American like Taft."
 * * * "Our able, upright and distinguished President."

WOODROW WILSON ON TAFT

"I want to pay my tribute of respect to the President of the United States. I do not believe that any man in the United States who knows his facts can question the patriotism or the integrity or the public purpose of the man who now presides at the executive office in Washington."

WILLIAM J. BRYAN ON TAFT

"More reforms have taken place under Taft's administration than during that of any other President in recent years."

THE BUSINESS MEN OF TODAY

are fully aware of the value of good dressing as a business asset. They regard well made, perfect fitting attire as much of an essential as the all attractive qualities of a well kept store or office. The only question is who is the tailor who can make them the most satisfactory garments? There can be no question of doubt if you place your order with us. Remember this is the only store in this section where you can buy Ed. V. Price's mix to measure clothes. See the new browns we are showing for \$18 to \$22, they are regulars. Referring to matters political, do you not think it wise for the people to vote to "let well enough alone?" Taft or Wilson is going to be elected. There is no doubt of this fact. A vote for Roosevelt is a vote toward the election of Wilson. Wilson's election will mean disaster, distress and ruin to the business interests of the country—a return of free soup houses, Coxey's armies, the hard times and low prices of 1893 to 1897. The tariff plank of the 1912 Democratic platform is word for word the same as that of 1892. You know what it did to all interests and industries then. Like follows like; it will do the same again. A vote for Mr. Taft is a vote to maintain our present prosperous times—a vote for a safe, sane and statesmanly administration.

MISS LOULA LONG
Driving a Mason County Horse Refuses to Compete With Negro Driver
 St. Louis, Mo., October 26th.—Upheaval was arising over the refusal of Miss Loula Long, daughter of a Kansas City millionaire, to drive in individual competition with a negro groom at the Horse Show last night, led Mrs. Mrs. Julius S. Walsh, Jr., wife of a St. Louis millionaire, and mistress of the negro, to announce Saturday that she never would enter another horse in a St. Louis show under the auspices of the present management.

Mrs. Walsh declared Miss Long's action in refusing to drive against the negro, who is Mrs. Walsh's groom, was inspired by jealousy, and that she evinced no disposition not to compete with him until he took a blue ribbon from her.
 When the fourth event on the horse show program this afternoon was called, Miss Loula Long drove into the arena behind her horse Revelation.
 "As soon as Miss Long was in the ring the crowd watched for Miss Walsh's groom, Mrs. Walsh's entry, to see if she would carry out her announcement to have her negro driver handle the reins for the remainder of the show. When Miss Long came in there was more applause for her than for the negro.
 The blue ribbon went to Revelation, driven by Miss Long. Second prize was won by the Governor, owned by the Bushnell Stock Farm of Springfield, O.
